

IB Conference on Biomembranes 2010

Friday, October 29

Venue: APS-vergadercentrum, Delta conference room
Zwarte Woud 2, 3524 SJ Utrecht, The Netherlands

- 9.15** **Arrivals, Coffee & Tea**
9.55 **Opening by IB Director**
- 10.00** **Sean Munro** (*host Joost Holthuis*)
MRC, Cambridge UK
“What can transmembrane domains tell us about the secretory pathway?”
- 10.45** **Christian Gachet** (*host Harry Heijnen*)
University of Strasbourg, France
“Purinergic signaling in atherothrombosis”
- 11.30** **Arturo Zychlinky** (*host Peter van der Sluijs*)
Max Planck Institute for Infection Biology, Berlin, Germany
“NETs from infection to autoimmunity”
- 12.15** **Lunch ; Coffee / Tea**
- 13.15** **Peter Hilbers** (*host Antoinette Killian*)
University of Technology, Eindhoven, The Netherlands
“Molecular simulations of lipid bilayers and vesicles”
- 14.00** **Vojo Deretic** (*host Bernd Helms*)
University of New Mexico, Albuquerque, NM, USA
“Autophagy: from fundamental biology to applications in immunity“
- 14.45** **Walter Nickel** (*host Joost Holthuis*)
Heidelberg University, Germany
“Molecular Analysis of the Unconventional Secretory Pathway of Fibroblast Growth Factor 2”
- 15.30** **Coffee & Tea**
- 16.00** **2010 van Deenen medallist**
Tom Rapoport (*host Gerrit van Meer*)
Harvard, USA
“Mechanisms of protein translocation across membranes”
- 16.45-18.00** **Closing & Drinks**

Registration before 18 October via:
